# LOKI'S BACKGROUND

- **Loki is both a Norse god from real life mythology and a character in Marvel Comics and Cinema.**
- **Norse Loki is more of a mythic figure whose actions have cosmic and apocalyptic consequences, embodying the chaotic and unpredictable nature of the world.**
- **The MCU's Loki, while initially a villain, becomes a more sympathetic character, with his stories exploring themes of identity, redemption, and the complexity of his nature and family relationships.**

# GLORIOUS PURPOSE

- Loki's Portrayal in the Marvel Cinematic Universe.
- Originally introduced as the God of Mischief and adopted brother of Thor.
- Outcast by his father, King Odin.
- Hired by Thanos to get Infinity Stones
- Chaos he causes is why The Avengers form (movies & comics)
- Born to cause pain and suffering and death so that others can achieve their best versions of themselves....?
- What kind of life is that? (Picks up Time Stone)
